CALL TO ORDER

Mr. Shanehsaz called the meeting to order at 11:58 am.

REVIEW OF MINUTES

A motion was made by Ms. Esposito and seconded by Ms. Patel to approve the meeting minutes for December 16, 2016. The motion unanimously carried.

UNFINISHED BUSINESS

Non Pharmacist Dispensing – Ms. Robbins stated she did some research on pharmacist dispensing 2014 report. She would like to forward this report for everyone to review, she will forward to Ms. Mast to forward to the committee members. Ms. Robbins read from the executive summary regarding physician dispensing. Ms. Robbins would like support regarding public safety concerns, to assist the Board of Pharmacy with practitioner dispensing. The Board of Medical Licensure and Discipline statute and regulation must be reviewed and discussed. Ms. Esposito stated that the area of concern is more with walk in clinics and urgent care settings who dispense medication. These clinics and centers dispense medication without the proper prescriptive background of patients which can be of concern regarding public safety for contraindications of dispensed medication versus medication previously prescribed. The committee would like to see what other states are doing to address these issues. The committee tabled this item for more discussion during the next meeting.

Executive Order 60, Substantially Related Crimes Listing Review – completed and forward to the Board of Pharmacy for review and approval. Remove from this agenda.

Delaware Health Information Network (DHIN) Pharmacist Access – Mr. Shanehsaz spoke with Mr. Randy Farmer making a request for him to attend the committee meeting, tabled until next meeting.

Mr. Galloway respectfully departed the meeting at 12:18 pm.

3PL Licensure – regulations are currently being drafted, the committee requested this item be removed from this agenda and added to the Board of Pharmacy agenda in February for discussion.

NEW BUSINESS

Ms. Patel reached out to the National Boards of Pharmacy (NABP) regarding Outsourcing Facility inspections. NABP stated that they do not have a separate inspection for Outsourcing Facilities however this is included during their VPP pharmacy inspection under Good Manufacturing Practices and USP795/797. Ms. Patel will forward the information to Ms. Mast for distribution to the committee.

Mr. Shanehsaz stated that during the application process or the renewal process there should be a requirement for an inspection completed by a Board approved vendor to ensure public safety. The cost of these inspections would be the responsibility of the applicant. The committee requested that Inspection Requirements New/Renewal be added as an agenda item to the next meeting.
